

COVID-19 Disinfecting with Berman

Facility Cleaning and Disinfection

With over 30 years of experience, Berman is the CDC's trusted partner tasked with disinfecting state and federal COVID-19 testing centers in Central Florida. We are proud to offer that same level of safety and disinfection to you and your business. There is no room for error when ensuring that your facilities are safe- you can trust that your business will be clean and sanitized with Berman.

Our Process is:

- 99.9% effective against SARS-COV-2
- A direct application process superior to aerosol
- Effective on hard and soft surfaces
- Safe and neutral pH virucide based
- CDC, EPA, and OSHA approved

Schedule Your Cleaning Now

As the end of the statewide stay at home order is approaching, all businesses will be expected to disinfect their facilities before they reopen, and on a continuous schedule, to ensure customer and employee safety. Schedule your cleaning with us now to ensure your facility is disinfected prior to opening your doors.

Disinfect Your Facility

Monthly Disinfecting

- Ideal for warehouses, industrial facilities, and should supplement existing cleaning efforts

Weekly Disinfecting

- Best for office spaces, multi-family housing, and disinfecting after reopening

Custom-Scheduled Disinfecting

- Recommended for restaurants, gyms, healthcare facilities, schools, and daycares
